-
- Feb 21 **Presentation** | [Principles of processing your RAW images](#)
To assist members in processing their images we will have a number of in-house presenters share their methods using various software editing applications. We will also give you ten reasons why you should be shooting RAW. Featuring our in-house experts Michael Smyth (Lightroom), Jim Crew (Photoshop) and Brian Menzies (Topaz Labs software).
-
- Mar 7 **Presentation** | [Susan Buchanan](#) | [Photographers who have inspired me](#)
"How I came to photography is less interesting than what I have gotten and continue to get out of it. Photography gave and gives me a greater sense of myself, it is a conduit to parts of me that have no other form of expression."
-
- Mar 21 **Presentation** | [Stills to Motion](#)
Pieter de Vries will provide an introduction to video using your digital camera. Pieter is one of the leading documentary cinematographers in the world. Based in Australia, he spends much of his time traveling, working on documentary programs for the BBC, NBC and ABC.
-
- Apr 4 **Challenge** | [Street Photography Challenge](#)
Street photography is a fun and popular genre of photography that anybody can do. But it's not as easy as it looks to get really good, storytelling images.
